Rudy:

I've been on the road. Thanks for the voice mail message. I think I have all the information we need about this pesticide issue in Rutland.

Feel free to call me if there is more that we should know.

Best.

phil

Phil, I called this morning wanting to share with you information that I received regarding a pesticides issue in Rutland. Our pesticides staff was contacted by Cary Giguere, VT Department of Agriculture, to share information about potential misuse of a pesticide.

Attached above is the statement by Patricia Whitney, whose home was impacted. Also, of note, the Whitneys may have used an Imadiclopyralid insect bomb on their own, attached is the possible label.

Please call, if you have questions. Thanks.
